BERKSHIRE ROOMS
SERVICED ACCOMMODATION

Your individual needs and concerns are important to us, and our friendly and professional team are always on hand to help.

On arrival you will be greeted in person, shown around your new home and all your questions will be answered.

To us you are not just a number, you are our guest and as such, we want you to thoroughly enjoy your stay.

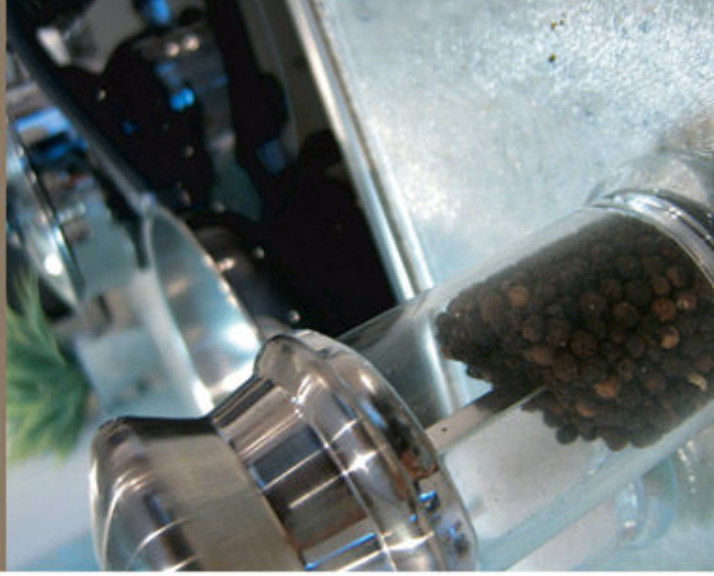

If you are frequently away from home on business or for pleasure you will probably know the feeling: Table for one in a crowded restaurant; hotel bedroom that looks exactly like the one you stayed in last week.

We truly understand from first hand experience, what it means to be away from home: boredom, lack of space and lack of privacy.

Why stay in a hotel when I can make myself at home in first class comfort and enjoy the privacy and space of a luxury apartment?

At Berkshire Rooms we offer peace of mind in our first class accommodation. We bring you the comfort of your own home with the added services you would expect from a luxury hotel, with superb central locations.

We are in between house moves and a short stay, your hassle free apartment is just what we need.

With your Berkshire Rooms you can create a casual and inviting atmosphere for your friends, family and colleagues. Why not turn that dining table into a conference area? Be creative, it's your space.

Relax, you're home.
